Dear Dr. Souka,

I take the opportunity in these extraordinary times to write to you and thank you for your collaboration and contribution to AOGS in the past years. The Journal has continued making progress as one of the leading international ObGyn journals and has reached an Impact Factor of 2.741 which we expect to increase further this year. This has been in part thanks to your collaboration, support and input.

It is a great honour to have you on our International Editorial Board and be able to count on your expertise in the peer-review process to ensure trustworthiness and high quality of the articles that we publish in AOGS. Now more than ever it is important to keep the scholarly community engaged in sharing knowledge and ensuring that research papers continue to be submitted, reviewed and published in timely manner. We greatly appreciate your time and effort in this task which is so critically important as we strive to contribute to making a difference in women's health.

Sincerely,

Ganesh Acharya, MD, PhD, FRCOG
